

Temporary Road Closure 12 – 20 June 2010 Chaytor Street, Jarrow

As part of the New Tyne Crossing project to build a second vehicle tunnel under the Tyne it is necessary to close a short section of Chaytor Street in Jarrow to all traffic, from Saturday 12th to Sunday 20th June 2010.

During this period pedestrian access will be maintained along Chaytor Street, and the Pedestrian and Cycle Tunnels will remain open.

Vehicles will be asked to follow a diversion via Howard Street Bridge, as indicated on the map below.

The organisations behind the New Tyne Crossing apologise for any inconvenience caused by this essential road closure, and would like to thank you for your patience.
