

## 1,662,276

vehicles traveled through the Tyne Tunnels in March 2023. This is a record number of journeys within a single month.

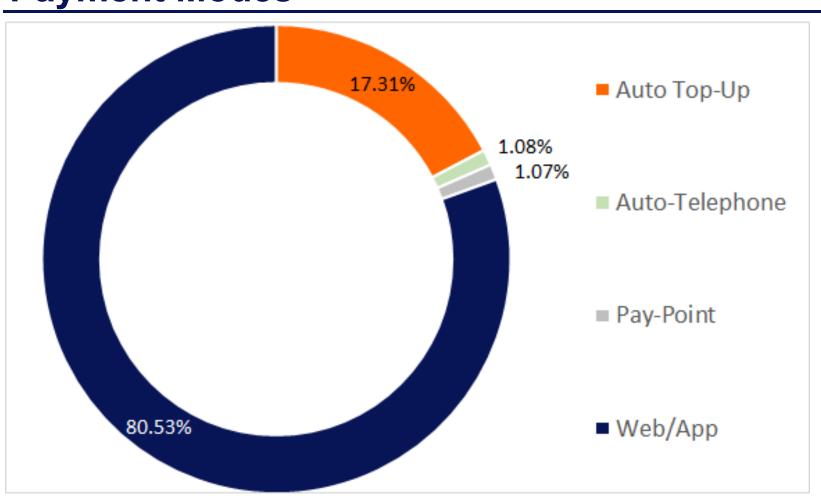

97.74%

of customers paid their toll on time, compared to 96.16% in March 2022.

81.37%

of customers used Pre-Paid accounts to pay their toll.

### **Payment Modes**

Over 97% of payments are by digital channels. Auto-Top-Up is at the highest percentage thus far.

### **Non-Compliance**

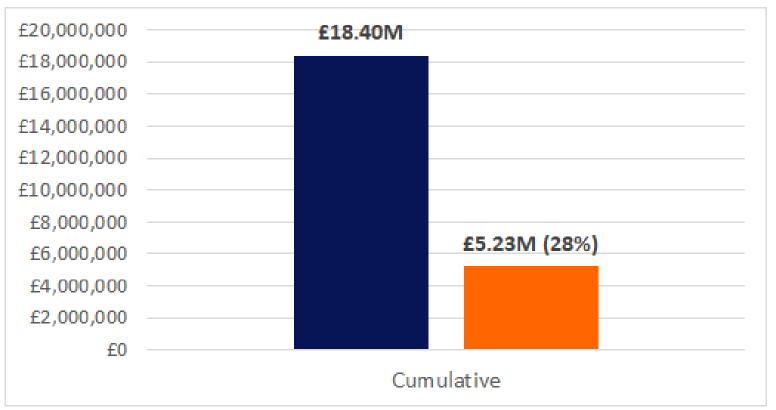

Tyne Pass Non-Compliance is a measure of the non-compliance percentage of traffic. The green band is TT2's target for the end of the year. 2.37% equals the achievement at Mersey Gateway for Oct-Dec 2022.

## **Total Tunnels Revenue and Receipts from UTCNs - Year 2**

\* This calculation is from 1st November 2022 to 31st March 2023.

In year one of Tyne pass this was 33%.

### Average journeys per Quarter vs UTCNs

### **Journey Times**

# Northbound March 2023 45 seconds faster than pre- Tyne Pass. Southbound 45 seconds faster than

### The benefit to journey times of removing the toll barriers can be seen.

We measure time between 2 points on the A19 in each direction using data supplied by Google. This allows us to understand the impact of layout changes and the performance of our operation. The effect of introducing Tyne Pass is shown above and is calculated on a weighted average across the full 24 hours of the day.

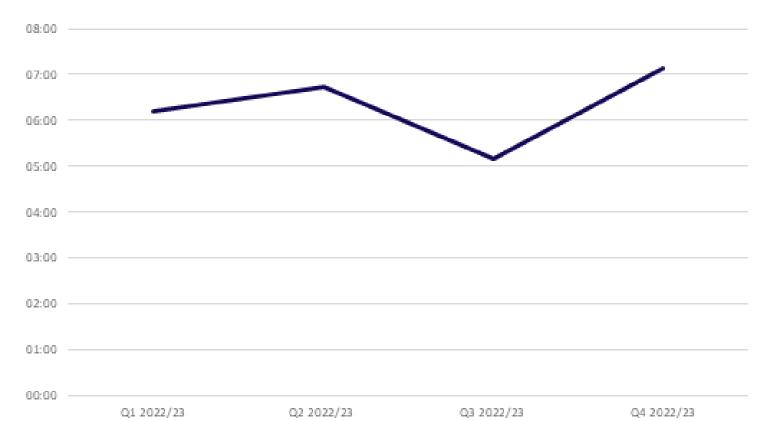

pre- Tyne Pass

#### **Environment**

Customer vehicles CO<sub>2</sub> emissions have decreased significantly since the launch of Tyne Pass when the toll booths were removed along with the requirements for all vehicles to stop at the barriers before continuing on their journey.

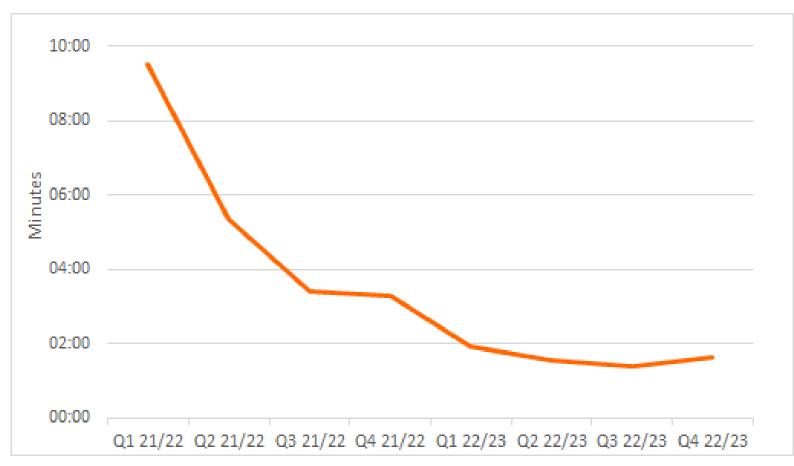

Saving of CO<sub>2</sub> in March equated to approx. **2,621** passenger return flights from Newcastle to New York, meaning over 4,500 tonnes of CO<sub>2</sub> were saved.

### **Incident Response Times**

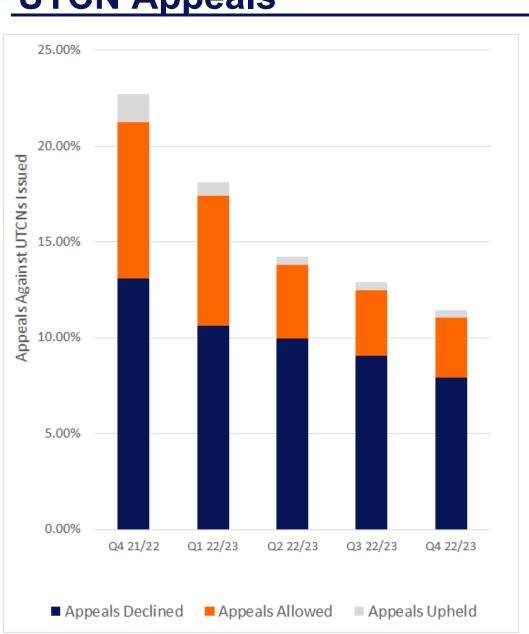

This is the average time (Minutes) in each quarter, takes TT2 to respond to incidents affecting traffic, such as customer vehicle breakdowns, and shows the time from the TT2 Control Room being notified of an incident to the time the incident is managed.

### **Call Wait Times**

Call wait times (minutes) is the average wait time before a contact centre agent answers a call. It has now been below 2 minutes on average for the last 4 Quarters.

### **UTCN** Appeals

Appeals upheld are those where the appeal has been successful in accordance with the criteria established by NECA.

Appeals allowed are where we have a transitional rule in place which allows a customer to be excused payment whilst they get used to the new arrangements.

Appeals declined are where we have rejected the appeal in accordance with the criteria established by NECA.
